Sub:	Six Monthly Monitoring Report on Compliance to Environmental Aspects (For period October, 2019- March, 2020) i.r.o Naitwar Mori HPS (60 MW), Uttarakhand.
Ref:	EC letter No. J-12011/16/2010/IA.I, June 16, 2016 (Issued by Ministry of Environment, Forest & Climate Change- Gol)

Sir

Kind reference is invited to above referred endorsement vide which Naitwar Mori Hydroelectric Project (60 MW) of SJVN in Chamoli District (Uttarakhand) is granted Environment Clearance. Submission of six monthly compliance report is required by Environment Clearance. Further, it is desired vide notification dated 26.11.2018 to submit half yearly compliance reports in soft copies only. Therefore, Six Monthly Monitoring Report on compliance to Environmental Aspects (for the period ending March 2020) is submitted for your kind information, please.

संलग्नक: यथोपरि।

सधन्यवाद,

भवदीय,

एसजेवीएन लिमिटेड के लिए,

**Six Monthly Monitoring Report on Compliance to Environmental Aspects
(For Period Ending March, 2020)**

(A)	Name of Project	Naitwar Mori HEP (60 MW)
	Type of the Project	Hydroelectric
	Location	PO Mori, Tehsil Mori, District Uttarkashi, Uttarakhand.
	Contact Address	
	(a) Concerned Project Head	Head of Project, PO Mori, Tehsil Mori, District Uttarkashi, Uttarakhand, PIN 249128 Contact No. 01373-234370
	(b) Concerned Environment Division (Project)	Head (Environment), PO Mori, Tehsil Mori, District Uttarkashi, Uttarakhand, PIN 249128 Contact No. 01373-234308
	(c) Concerned Environment Division (Corporate)	Head (Environment), SJVN Corporate Headquarters, Shanan, Shimla, HP, PIN 171006 Contact No. 0177-2660198
	Environment Clearance	J-12011/16/2010/IA.I dated 16.06.16 and corrigendum issued vide even no. dated 07.08.18

S.No.	Condition of Environment Clearance	Status
PART – A: Specific Conditions		
i.	The following Catchment Area Treatment (CAT) Plan as proposed in the EIA/EMP report (Chapter – 1 in the EMP dated February, 2011) and mentioned vide letter no. SJVN/AGM/NMHEP/PEC/11-431 dated 02.09.2011 shall be strictly implemented in consultation with Uttarakhand Forest Department. Major works shall be completed before impounding. The financial allocation of Rs. 769 lakhs for CAT plan implementation shall not be diverted for any other purpose. As per plan, the area of CAT is 3995.28 ha.	The amount i.e. Rs.12.9666 Crores against implementation of CAT plan has been deposited by SJVN in CAMPA fund. As telephonically communicated by DFO, Tons Forest Division, Purola, an amount of about Rs. 75 Lakhs have been spent on development of nurseries.

S.No.	Condition of Environment Clearance	Status
ii.	The R&R Benefits for the land losing households will be as per the National Rehabilitation and Resettlement Policy, 2010 of SJVNL as well as NRRP – 2007 whichever is higher. Adequate publicity of the compensation package of NRRP 2007/SJVNL R&R Policy 2010 shall be given in the affected villages. All R&R issues shall be completed before commissioning of the project.	R&R Plan of NMHEP is in line with the National Rehabilitation and Resettlement Policy (NRRP) – 2007. R&R Plan of NMHEP was notified in the Official Gazette of Uttarakhand on 04.11.2017 and the same was published in two daily newspapers in the local area before its implementation. Also, the same has been uploaded in the official website of District Uttarkashi. The copies of R&R Plan have also been provided in the office of SDM Purola, Tehsildar Mori, BDO Mori, Panchayat Pradhans and villagers.
iii.	A monitoring committee for R&R shall be constituted which must include representatives of project affected persons from SC/ST category and a women beneficiary.	The village-wise R&R/Grievance Redressal Committee has been constituted under the Chairmanship of ADM-cum-R&R Administrator, Uttarkashi comprising of SDM, BDO, SC/ST representative, Women representative, Panchayat Pradhan (representative of PAFs) and representative of project management.
iv.	All the commitments made during the public hearing shall be fulfilled completely by the project proponent.	The commitments viz infrastructural development works, community development works, employment to the locals, hiring of local contractors, hiring of local vehicles, technical education to the local youth, merit scholarship schemes etc. made during public hearing have been included in R&R Plan of the project which being implemented through R&R administrator (i.e. ADM-Uttarkashi) appointed by Govt.
v.	Consolidation and compilation of the muck shall be carried out only in the designated muck dumping sites as submitted in the EIA/EMP Report & in the reply submitted in February, 2011. As per the proposed muck disposal plan, out of the 7,11,240m ³ muck generated 30-40% will be utilized as construction material and remaining 4,29,583 m ³ will be dumped at the 2 designated disposal areas in 4.5 ha. The identified muck dumping sites	As on 31.03.2020, total 5.84 lakh m ³ muck has been generated out of which 4.03 lakh m ³ has been dumped in 2 number designated sites and remaining has been utilized for developmental activities within the project area. These dumping sites are located 30 m horizontally away from HFL of river Tons.

S.No.	Condition of Environment Clearance	Status
	shall be at-least 30 m horizontally away from high flood level (HFL).	
vi.	A minimum environmental flow of 3.55 cumecs i.e average river discharge in the 4 consecutive leanest months in the 90% dependable year shall be have to be maintained. However, 5.0 cumecs shall be maintained as environmental flow during September – October and March – April months. Monsoon flow shall be 30% of the total Monsoon discharge.	The minimum environment flow as specified herein shall be maintained during operation stage of the project.
vii.	Continuous monitoring system for the flow rate measurement shall be installed and data be displaced at appropriate site for information of civil society and stakeholders. Six monthly results shall be submitted to the concerned Regional Office of the Ministry and SPCB	Condition will be complied with during operation stage of the project.
viii.	The Fishery Conservation & Management Plan as proposed in the EMP & in the reply submitted in August, 2011 shall be implemented completely in consultation with the Fisheries Department, Government of Uttarakhand. As proposed, the construction of fish ladder shall also be taken up and allocated budget of Rs. 1.00 Crore shall not be diverted for any other purpose.	The only mitigation measure suggested in the Fishery Management Plan is regarding providing a Fishway in the barrage structure. Accordingly, provision for the same has been kept in the barrage structure against allocated budget of Rs. 1.0 Crores.
ix.	Real time telemetry and data acquisition system including all weather hydro meteorological stations shall be installed for in-flow monitoring and advance flood warning. Advance flood warning and advance communication systems shall be installed in consultation with the downstream authorities.	Weather hydro meteorological station erected at SJVN Site Office at Barrage. It measures the ambient temperature, wind speed, relative humidity, wind direction, rainfall and dew point. Further, advance flood warning system shall be setup during operation stage of the project.
x.	As proposed in the EMP, the Compensatory Afforestation Programme on 79.76 ha of land with soil binding species @3000 plants/ha and broad-leaved species @ 2000 plants/ha with the help of State Forest	As part of diversion of forest land, compensatory afforestation over 80.32 ha of civil soyam and forest land has been proposed at a cost of Rs.1,84,24,160/-. The said amount has been deposited with Compensatory Afforestation Fund (CAF)

S.No.	Condition of Environment Clearance	Status
	Department in the degraded forest area shall be strictly taken-up. The allocated grants of Rs.3.74 Crores shall not be diverted for any other purpose.	Uttaranchal as part of compensatory levies for compliance to Stage – I Forest Clearance. DFO Tons informed during MDC meeting on 18.01.2020 that all compensatory afforestation works have been completed over an area of 80.32 ha land (in civil soyam 15.32 ha and reserve forest land 65 ha).
xi.	Greenbelt development along the approach roads, residential areas, office complex, barrage site and along the reservoir as proposed in the EIA/EMP with 50 different plant species shall be undertaken immediately and allocated grant of Rs. 44 lakhs shall not be diverted for any other purpose.	Construction work at project site has started in March 2018 and work is in progress at various locations. 2400 no. of various species of tree/grass saplings like, jackranda, gulmohar, alstonia, silver oak, kachnar, deodar, pomegranate, local bamboo, etc. have been planted in consultation with Forest Department at appropriate locations in the project area. Plantation of remaining saplings is being taken up in synchronization with construction work.
xii.	The Biodiversity Conservation and Management Plan shall be taken-up strictly as outlined in the EIA/EMP report and implemented in consultation with the State Forest Department. The allocated grants of Rs. 43 lakhs shall not be diverted for any other purpose. A report of implementation shall be included in the six monthly compliance report to be submitted to the Ministry.	The detailed Biodiversity Conservation and Management Plan for Rs. 43.00 lakh has been prepared by CF Yamuna Circle & DFO Tons, accordingly SJVN deposited Rs. 43.00 lakh with DFO Tons on 22.10.2019. The matter was discussed during 2 nd MDC meeting on 18.01.2020 and the chairman (PCCF) desired that the plan should be revised by DFO tons and a more holistic plan based on conservation of local species as per need of the area should be prepared by involving local population also.
xiii.	Equipment likely to generate high noise levels shall meet the ambient noise standards as notified under the Noise Pollution (Regulation and Control) Rules, 2000 as amended in 2010 under the Environment (Protection) Act, 1986 (EPA). For this	Noise level data is being monitored through Pollution Control Research Institute, BHEL, Haridwar from 20.06.2018 onwards. Last monitoring report for September 2019 submitted to regularity authorities on 03.12.2019, along with the compliance report.

S.No.	Condition of Environment Clearance	Status
	necessary insulator etc. may be ensured.	However, the latest sampling scheduled in March could not be carried out due to COVID-19. Therefore, it is envisaged to conducted it in the near future. All high noise generating equipment have been provided with mufflers as per manufacture's specification.
xiv.	Any other clearance from any other organization/department, if required shall be obtained before commencing the project.	Condition is being complied with.
xv.	As outlined in the report submitted dated 29.12.2011 for an amount of Rs.6.26 crores shall be spent for the Local Area Development in the project.	<p>The Rehabilitation and Resettlement Plan of NMHEP, consisting of infrastructural and community development works is being implemented through R&R Administrator i.e. ADM Uttarkashi who is appointed by Govt. of Uttarakhand.</p> <p>In this regard, a budget of Rs.963 lacs has been deposited with R&R Administrator, Uttarkashi out of which an amount of Rs. 280.42 lacs have been incurred as follows:</p> <ul style="list-style-type: none"> a) Rehabilitation grant – Rs.163.26 lacs b) Subsistence allowance – Rs.65.30 lacs c) Health care – Rs.30 lacs d) Educational facilities – Rs.3.55 Lacs e) Recreational Facilities – Rs.4.60 Lacs. f) Community Development activity - Rs.13.70 Lacs.
xvi.	Two openings in the dam shall be kept to ensure environmental flow. One opening shall be for minimum environmental flow of 3.55 cumecs which will be un-gated and other will be gated which will be opened during the months when higher environmental flow of 5 cumecs is released. During the months oif September – October and March – April, both the openings will discharge 5 cumecs.	Suitable provisions are being made in the Barrage structure to ensure environmental flow releases.
xvii.	Besides keeping environmental flows, fish hatcheries will be developed for	State Fisheries Department had been requested to provide a plan for

S.No.	Condition of Environment Clearance	Status
	stocking of fingerlings, both upstream and downstream of the dam site.	<p>development of fish hatcheries for stocking of fingerlings from 2009 onwards. In this regard, Director (Fisheries) vide letter dated 12.01.2018 and 23.03.19 has instructed Asst. Director (Fisheries) for identifying suitable land for development of trout hatcheries.</p> <p>Asst. Director (Fisheries) vide letter dated 23.10.2019 has communicated that they have physically surveyed a land portion which is under control of Harkidoon Kedar Kantha Matsya Utpadan Sahkari Sammiti Ltd. in Taluka Village.</p>
xviii.	Pension for elderly widows shall be increased to Rs.1500 per month	The provision of yearly pension @Rs.18,000/- (Rs. 1500/- pm) has been kept in the R&R Plan of NMHEP for the vulnerable group family head residing in the affected village. During R&R monitoring committee meeting held on 10.12.2019, BDO, Mori has been directed to finalize the widow list.
xix.	The public toilets (130 nos.) with septic tanks shall be provided and maintained in each of the affected villages. A sum of Rs.61 lakhs shall be kept separately for this purpose and shall not be diverted for any other purpose.	<p>In this regard the following committee has been constituted by DM concerned to prepare the list of beneficiaries:</p> <ul style="list-style-type: none"> i) X-en, Rural Works Deptt. ii) BDO, Mori <p>After identification of such beneficiaries, the construction work will be carried out by the Rural Works Deptt.</p>
xx.	System and facility for solid waste management shall also be provided in the project affected villages.	Project has provided waste collection bins in the PAV i.e. Bainol, Gainchwan & Naitwar, amounting around INR 1 lakh. Project has developed waste collection pits in Bainol Village (PAV) for an award amount of INR 58000/-.
xxi.	Alternate sources for drinking water shall be provided to the affected villages and other villages in the vicinity, in case, natural springs are affected due to construction of the project. This shall be carried out in consultation with the State Irrigation and Public Health Department.	<p>Noted.</p> <p>If it is technically established that the drinking water resources are dried up due to project works, the same shall be restored and water supply schemes shall be provided by SJVN on instructions of State Govt./Central Govt. through State Water Supply Deptt.</p>

S.No.	Condition of Environment Clearance	Status
		Nevertheless, drinking water supply schemes have already been provided in the Project Affected Villages viz. Bainol, Naitwar and Gainchwangaon as a CSR initiative through SJVN foundation.
xxii.	For planting of trees and other biological measures, indigenous and among them endemic tree species should be preferred. Turfing may be done by perennial grasses in consultation with a Horticulturist. Proponents themselves may take this responsibility under the guidance of a scientist/expert in vegetative propagation and mass multiplication (tissues culture)	Construction work at project site has started in March 2018 and work is in progress at various locations. Plantation and turfing activities depicted herein shall be undertaken in consultation with scientists/experts after completion of major construction activities.
xxiii.	A specialist in reproduction biology of fishes, CIFRI should study the viable and feasible alternatives on the blocked migratory movement of fish species like <i>Schizothorax richardsonii</i> , <i>Tor putitora</i> , <i>Tor tor</i> , etc. due to construction of the dam so that these species would not become locally extinct.	The said study is being undertaken by CIFRI, Kolkatta. The interim report has been submitted by CIFRI to SJVN and finalized on 31.01.2020.
PART – B: General Conditions		
(i.)	Adequate arrangement for providing free fuel like kerosene/wood/LPG shall be made at project cost for the labour engaged in the construction work so that indiscriminate felling of trees is prevented.	To avoid indiscriminate felling of trees, canteen facility is being provided by contractor to the labour force engaged in construction activity of the project.
(ii)	Medical facilities as well as recreational facilities shall also be provided to the labourers.	Dispensary provided at contractor facility. Further, First Aid kits along-with trained staff provided at Barrage, Adit-1 and Power house.
(iii)	All the labourers to be engaged for construction works shall be thoroughly examined by health personnel and adequately treated before issuing them work permit.	Being complied.
(iv)	No fugitive dust emissions should be observed at the construction sites. Water sprinkling arrangements shall	All measures suggested in the EIA/EMP report including sprinkling of water are being undertaken at project site.

S.No.	Condition of Environment Clearance	Status
	be made to suppress the fugitive emissions.	
(vi)	Potable drinking water and proper sanitary facilities should be provided for the labour force and the local area people.	being complied
(vi)	Restoration of construction area including dumping site of excavated materials shall be ensured by leveling, filling up of burrow pits, landscaping etc. The area should be properly treated with suitable plantation.	Construction work at project site has started in March 2018 and work is in progress at various locations. Restoration of construction area and dumping sites shall be done after completion of major project components and in synchronization with construction activities.
(vii)	Financial provision shall be made in the total budget of the project for implementation of the above suggested safeguard measures.	Financial provision of Rs. 32.48 Crores towards implementation of Environment Management Plan has been made in the total budget of project.
	Status on implementation of EMP? Budgetary provision on EMP for INR 32.48 crores shall be exclusively spent on the purpose.	Expenditure on EMP: INR 31.48 crores. Details on physical and financial progress on stipulated subheads of EMP is bulleted below,
	<ul style="list-style-type: none"> • CAT Plan (INR 7.69 crores) (Revised Cost: INR12.9666 crores) 	Amount Deposited: INR 12.9666 crores. Utilization: Forest Department is learnt to have utilized INR 75 lakhs for the development of nurseries. However, Physical and financial progress report awaited.
	<ul style="list-style-type: none"> • R&R Plan (INR 13 crores) (Revised Cost: INR14.45 crores) 	Amount Deposited: INR 9.63 crores. Utilization: Awaited from ADM (Uttarkashi).
	<ul style="list-style-type: none"> • CA and NPV for Forest Land Transfer (INR 3.74 crores) 	Amount deposited Against CA: INR1.84 crore (1,84,24,160/-) Against NPV: INR3.74 crore (3,74,47,790/-)
	<ul style="list-style-type: none"> • Greenbelt, Landscape and Restoration Plan (INR 44 lakhs) 	<i>Expenditure done: INR 6.90 lakhs.</i>
	<ul style="list-style-type: none"> • Reservoir Rim Treatment Plan 	Nil

S.No.	Condition of Environment Clearance	Status
	<ul style="list-style-type: none"> • (INR 22.09 lakhs) 	
	<ul style="list-style-type: none"> • Fisheries Management Plan (Provision made in DPR) • (INR 1 crores) 	Nil
	<ul style="list-style-type: none"> • Water, Air and Noise Quality Management Plan • (INR 20 lakhs) 	The provision mentioned for said activity in the EMP is being taken care by main contractor as part of the contract document No. II of IV, para 2.3.14.1- control of Air Pollution and para 2.3.14.2 – control of noise pollution.
	<ul style="list-style-type: none"> • Muck Disposal Plan • (INR 3.8780 crores) 	INR 2.886 crores.

		<p>seva in schools and dustbin distribution in Mori Market.)</p> <p>2. INR 98,000/- Jute carry bags distributed (PPR-246/19, February 07, 2019).</p> <p>INR 1 lakh spent on awareness programmes through M/s HIMCON (July 2019-March 2020).</p>
	<ul style="list-style-type: none"> • Environmental Monitoring Plan • (INR 36.50 lakhs) 	<p>INR3.75 lakhs.</p> <p>Details: Monitoring being done by M/s Pollution Control Research Institute (BHEL), Haridwar. Latest monitoring done in September, 2019.</p>
(viii)	<p>The project proponent shall also submit six monthly compliance reports of the stipulated EC conditions (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF & CC and State Pollution Control Board. Both monitoring report and compliance report shall be uploaded on the website of the Proponent.</p>	<p>Six-monthly compliance reports are being regularly submitted to MoEF&CC Regional Office (North-Central Zone), Dehradun, CPCB Zonal Office (North), Lucknow and Uttarakhand Environment Protection and Pollution Control Board, Dehradun and also uploaded on our website www.sjvn.nic.in.</p> <p>Yes, latest six-monthly report submitted by project to MoEF&CC on December 03, 2019.</p>
(ix)	<p>The project proponent shall provide full cooperation and all required documents/data to the officials from concerned Regional Office of the Ministry who would be monitoring the implementation of environmental safeguards.</p>	<p>Full cooperation will be provided to officials from concerned Regional office of MoEF&CC during monitoring of the project.</p>
(x)	<p>The responsibility of implementation of environmental safeguards rests fully with the M/s Satluj Jal Vidyut Nigam Ltd. And Government of Uttarakhand.</p>	<p>Noted</p>
(xi)	<p>Besides the above stated conditions, the project proponent and Government of Uttarakhand shall also implement all other environmental safeguards, as proposed in the EIA/EMP report and other reports from time to time.</p>	<p>All environmental safeguard measures as proposed in the EIA/EMP report are being implemented.</p>

S.No.	Condition of Environment Clearance	Status
(xii)	The Environmental Management Plan shall be strictly adhered to and a sum of Rs.32.48 crores, the budgetary provisions for implementation of EMP shall not be diverted for any other purpose.	Financial provision of Rs. 32.48 Crores towards implementation of Environment Management Plan shall not be diverted for any other purpose. At present a total of Rs. 31.48397 crores have been spent so far on implementation of EMP.
(xiii)	Any change in the scope of the project shall be intimated to the Ministry and fresh approval if required, shall be taken from the Ministry.	There is no change in the scope of the project.
(xiv)	The Ministry reserves the right to add additional safeguard measures subsequently, if found necessary and to take action including	Noted
(xv)	This clearance letter is valid for a period of 10 years from the date of issue of this letter for commencement of construction work.	The major work for the project has been awarded on 05.12.17 and construction activities have commenced from March 2018 onwards.
(xvi)	A copy of the clearance letter shall be sent by the proponent to concerned Panchayat, Zila Parishad/Municipal Corporation, Urban local body and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the Proponent.	The condition has been complied with. The clearance letter is available on company website www.sjvn.nic.in .
(xvii)	A multi-disciplinary committee for monitoring the implementation of environmental safeguards during construction shall be constituted by the Proponent in consultation with the Ministry. The proponent shall suggest the members for approval of the Ministry. Proponent shall organize six monthly meetings of the Committee and submit the monitoring report to the Ministry.	A Multi-Disciplinary Committee for Naitwar Mori HE Project has been constituted vide MoEF&CC letter no. J-12011/16/2010-IA.I dated 09.07.2018. The 2nd meeting of MDC was held on 18.01.2020.
