From

The Deputy Commissioner,
District Hamirpur (H.P)

To

Head of Project
DhauLa Sidh Hydel Power Project,
Hamirpur, District Hamirpur (H.P)

Dated, Hamirpur 11th January, 2023

Subject: - Constitution of Rehabilitation & Resettlement Committee under Section 45 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation & Resettlement Act, 2013.

Sir,

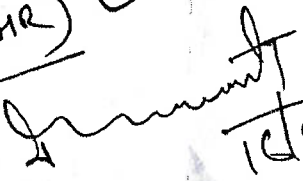

Kindly refer to the letter No. SJVN/DSHEP/HR/R&R/2022-1294 Dated 27/10/2022, received from O.P. Lakhanpal, Associate Consultant, DhauLasidh Hydro Electric Project, Hamirpur (HP), vide which it has been requested to constitute the R&R Committee under Section 45 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation & Resettlement Act, 2013.

In view of the above, I have been directed to inform you that whereas you have directly purchased the land from land owners under Transfer of property Act 1894 and at that time you have not adopted the procedure under Right to fair Compensation Act 2013. Hence there is no need to constitute the R&R Committee now.

Yours Faithfully,

District Revenue Officer

		about the basis for the cost of land to be fixed, which is to be acquired for the project.	
5	Shri Shrawan Kumar, Ex-Member Nagar Panchayat, Sujanpur	He said that the land to be acquired in Plahi, Alampur and Bhalet is agricultural land and also has trees on it. He also said that the project work should only be started as and when the affected people and project authorities agree to appropriate rate of compensation for the land. Project affected family members should also get employment.	Project Head informed that the compensation for the private land will be decided by the State Govt. and the project authority normally abide by the same. The project has no role in determining the rates for compensation. In case, crops of the nearby area are affected due to project activities, compensation will be paid to the affected people on the basis of scientific studies and its findings. He also informed that preference is given to the contractors from the project affected area for petty contracts. As is done in other projects, contracts valued upto Rs. 6.00 lacs were allotted to the contractors from the project affected area. In this regard, policy for this project shall also be formulated subsequently. Head of Project informed that employment has been provided to the wards of project affected families in other projects being executed by SJVN Ltd. as per the guidelines of Govt. of HP in the companies engaged in the construction of Project. Similar efforts will also be made in this project.
6	Shri Jagat Ram, Village Laungani	He asked whether Bulli, Laungani & Baleu villages will be Re-habilitated. He further said that there are chances of drowning of animals in the project reservoir, hence the reservoir area should be fenced. Moreover there will also be effect on pasture	Head of Project informed that since no village will be submerged in the reservoir, hence no physical rehabilitation of any village was required. After the construction of the project provision will be made for fencing of the reservoir, if required. For the mitigation of pasture land, provisions have been made in the CAT Plan for pasture area development. In respect of the effect on agriculture, he informed that survey has been carried out under SIA by Agriculture University, Palampur. He further stated that survey of medicinal species in the

Refek

		land and also enquired about its provisions, if any? He asked about the effect on agriculture due to reservoir on the above mentioned villages. He also asked about the people working in the survey works of the project from the past two years.	area has been carried out and no endangered and important species have been found in the area. During the last two years of survey work, local people had been employed through contractors given contract for petty works like Gauge & Discharge as well as engaging security guards through HIMPECSO, Hamirpur
7	Shri Vikram Singh Sadyal, Vice Pradhan, Gram Panchayant Chamyana	He said that there are chances of submergence of paths linking villages, Buhla Groharu, Upper Dreharh and Bharmarh. Will compensation be provided for fruit bearing trees falling in a private land to be acquired? Will project provide alternative paths in lieu of submergence of link paths? He enquired about the water level in the area due to project. Further he enquired that whether the water level will raise upto the pillar located near Riyah bridge.	Head of Project informed that as per survey carried and information gathered, no path, road, bridge etc. Under this particular panchayat will be submerged due to the project in this area. However, the project authorities will reconstruct the same if any of these structures are affected. Compensation will be provided to the concerned for fruit bearing trees falling in the private land to be acquired based on joint inspection carried out with the State Horticulture Deptt. or any other such authority. Regarding the water level Head of Project informed that the project officers will visit the area and show the water level mark at spot after fixing a date for joint inspection with the local PRI's. Head of Project stated that the water level will remain approximate 5 mtrs. below the Riyah bridge as per preliminary survey carried out.
8	Sub. Pritam Singh, Village Plahi	He said that the survey work near village Plahi has been done two times and there are two pillars marked	Head of Project informed that the pillars which have been fixed afterwards and are still present, represent the actual water level. Water level shall remain about one meter underneath the pillars provided.

		in the area and enquired which of the pillars will represent the actual water level.	
9	Shri Uttam Chand Village Darhla	He said that he is not aware about the details of his land to be acquired by the project and requested that the project officers should contact directly in this regard.	Head of Project informed that information in this regard has been shared with the people and if anyone is not aware he may contact our officers in the nearby project office at Jihan. He further stated that this information has also been shared with the people during Gram Sabahs, Camps and various meetings.
10	Shri Purshotam Dass, Ward No.4, Village Doli, Sujanpur	He enquired on what basis the rates for compensation will be fixed. Whether it will be on current market rates or on previous year's rates. What will be the effect on environment due to increase in water level? The creation of reservoir will increase the chances of drowning of animals, and what measures are being proposed to avoid this.	Additional District Magistrate, Hamirpur made the people aware about the procedure for fixing the rates for compensation to be provided. Head of Project further informed that the rates will be fixed by the Govt. of HP applicable at the time of acquisition after issuance of notification under Section-4 of the Land Acquisition Act. Thereafter it was informed that analysis of the various impacts on environment has been evaluated and studies carried out as per the terms of reference issued by MOEF, Govt. of India and suitable mitigation measures have been prepared. After the completion of the project work, the fencing will be provided surrounding the reservoir, if required.

At the end, Environmental Engineer, HPSPCB, Una thanked all the participants and the District Administration for attending the Environmental Public Hearing.

Annexure-L

Appendix-A

Various components of the **Biodiversity Conservation and Management Plan** of the EIA/EMP report are being implemented as the project is being executed. The details are as under:

1. It is being ensured that noise levels don't go beyond 100dB(A), as can be seen in monitoring reports submitted with six-monthly compliance reports. This is being done by:
 - a. Regular maintenance of vehicles
 - b. Housing equipment permanently located at a site in noise absorbing structures
 - c. Mounting the vibratory equipment on anti-vibration mountings
 - d. Fitting silencers on machines with combustion engines, etc.
2. It has been proposed to develop a **Herbal Nursery near Village Sanotu** over an area of 0.50 ha. The issue has been taken up in the MDC meeting dated 18.01.2023 and the Chairman desired that project may explore possibility of development of herbal nursery in consultation with HPFD. Currently, the said land is being identified by HPFD.
3. It was also informed that an amount of Rs. 44.54 Million for afforestation and 19.7 Million for wildlife improvement and development has been kept in CAT plan.
4. Anti-poaching measures: fencing has been provided along the way to the dam site.

In addition, following activities and safeguards are being undertaken:

- a. Labor colonies are set up away from forest area/wilderness
- b. To minimize the pressure on forests and animal habitats for fuel,
 - i. Community kitchen has been made functional
 - ii. Cost for constructing 10 crematoria has been deposited

- iii. LPG connections, solar emergency lights, solar cookers and solar water geysers have been provided for.
- c. Movements and activities of laborers and associated workers is monitored to avoid disturbance in habitat of wild animals and birds.

The cost of Compensatory Afforestation and NPV, amounting to Rs.7.05 Cr. has already been deposited with CAMPA on 09.10.2019, prior to issuance of Stage-II Forest clearance.
